## Norton Utilities Activation Key

When activating Norton Utilities Premium or Norton Utilities Ultimate, the error message "Error 3: This activation key has expired..." appears. What do I do? This is a typical error for Premium and Ultimates licenses. This error occurs because of an update of Norton Internet Security and, just as importantly, Norton Security. The security update causes the key validity period for Premium/Ultimate to become zero. To fix this, you need to do the following: 1. Go to Activation/Change > Norton Utilities > Norton Update. 2. Select Uninstall Norton Internet Security.
